

AFS Leadership Summit 2018

afsvision®

the Future IS Now

June 13–14, 2018

This invitation-only event will enable you to network with other leaders in the Industry while getting insight into why an AFSVision transformation is the solution to all your current-day challenges, and the natural next step in gaining the profitability, risk controls, and process efficiencies needed to reach your bank's strategic goals.

High-Level Agenda

Wednesday, June 13

We're kicking off the two-day AFS Leadership Summit with a Keynote Address from Greenwich Associates, and then taking a look at what makes AFSVision the best choice for a Commercial Lending transformation. The topics will include:

- Why We Built AFSVision
- AFS Value/Benefit Overview
- AFSVision Differentiators from AFS Level III
- AFSVision Technology and Architecture
- AFSVision Reporting and Information

In addition, we'll dive deeper into what makes AFSVision truly unique in the industry, with a look at the system's:

- Workflows
- Origination Capabilities
- Renewals and Modifications
- Post-Approval and Fulfillment
- Security
- Real-Time Processing
- Advanced Accounting
- CECL, IFRS
- Balance Headers
- Financial Instruments
- Commitment Levels

At the AFS Leadership Summit, you'll get *live* demonstrations of how AFSVision's

- Security
- Real-Time Processing
- Digitalization
- Performance
- High Availability
- Platform Architecture
- And more...

...Work together to ensure that the

Future IS Now!

Thursday, June 14

On this day you'll hear a first-hand account of one bank's Road to AFSVision and their experience with using all AFSVision has to offer. We'll then examine how AFS works to be a true partner in your transformation with an overview of:

- AFS Project Management
- Needs Assessment
- Integrations
- Conversion
- Web Services
- Training

Additionally we'll take a look at AFSVision's:

- Syndications & Capital Markets Capabilities
- Loan Sales and Trading Functionality
- Performance

To cap off the Summit, we'll hear a bank's experience in Robotics, and then discuss AFSVision's:

- High Availability
- Multicurrency Capabilities
- Exceptions
- New Options in Testing

See AFSVision live, and in action with a tour of a bank's fulfillment center!
