

You're Exclusive Invitation to the

AFS Leadership Summit 2018

afsvision®

the Future IS Now

June 13–14, at the Greensboro-Highpoint Marriott, NC

We're excited to show you how with AFSVision, the Future is Now!

At this year's AFS Leadership Summit, you'll hear personal accounts from current AFSVision Users and, most exciting of all, **get a unique first-hand look at AFSVision live, in action with a tour of a bank's fulfillment center!**

We'll be diving further into the **benefits** of our straight-through, end-to-end lending system AFSVision, with an in-depth examination of:

- How AFSVision is the leading solution to realize a total transformation from *any* lending system to answer all your current-day challenges
- AFSVision vs. AFS Level III differentiators
- Real-time processing and integrations
- AFSVision's fully digital experience
- Advanced accounting and regulatory support for CECL, IFRS, etc.
- Multicurrency, multibalance, and multilingual capabilities
- Implementation methodologies: conversion, change management and training
- How AFSVision's unparalleled scalability, flexibility, and configurability work together with minimal customization and maximum speed to rollout.
- The true ease of transformation to AFSVision – whether from AFS Level III or any other system!

Over the two-day Summit, you'll hear how effective – and vital – it is to partner with AFS to gain the profitability, risk controls, process efficiencies, and tools to provide the ultimate customer experience to reach your bank's strategic goals.

Join us to see why an AFSVision transformation is the solution to all your current-day challenges as the natural next step in your Commercial Lending transformation. There is **no registration fee**, but advanced registration for the AFS Leadership Summit is required. **Space is limited.** For questions contact Rene Coody at rcoody@afsvision.com
